GEORGE THOMAS ABELL

George Thomas Abell was born at Wakeeney, Kansas. While attending Colorado A&M (now Colorado State University), he was a member of Gamma Omega, an honorary fraternity, and Sigma Alpha Epsilon, a social fraternity. He graduated with degrees in civil and irrigation engineering and mechanical engineering. In 1927 he moved to Midland, Texas, where he trained himself as a geologist and entered the petroleum business as an independent oil operator. In 1939, he married Gladys Hanger of Ft. Worth, the daughter of a pioneer Tarrant County family.

During his professional career, he was active in the Independent Petroleum Association of America, Texas Independent Producers and Royalty Owners Association, Mid-Continent Oil and Gas Association, and the Permian Basin Petroleum Association. He was a charter member of the Permian Basin Petroleum Pioneers Association.

In addition to his professional endeavors, Mr. Abell was also active in many civic, community, cultural, social, educational and historical activities. He was a member of the Board of Education of the Midland Independent School District. He served as President of the Board during the construction of the present Midland High School auditorium. As a result of these accomplishments, he was awarded a life

membership in the Texas Congress of the Parent-Teacher Association. He served as the Chairman of the first capital funds campaign for Midland Memorial Hospital and was a member of the hospital's Board of Trustees and Board of Governors. A member of the Downtown Midland Rotary Club, he was recognized on numerous occasions for his contributions to the civic, cultural and educational betterment and growth of Midland.

George Abell devoted much time to the Boy Scouts of America, serving in various capacities in the Buffalo Trail Council. He led the capital fund campaign which secured the 6,000 acre camp in the Davis mountains. For his service to the Boy Scouts, he was awarded the highest recognition of the Boy Scouts, the Silver Beaver Award.

While serving as a director of the Midland Chamber of Commerce, Mr. Abell originated the idea for the Permian Basin Petroleum Museum, Library and Hall of Fame. He spent much of his time and effort collecting antique oil field equipment now displayed on the Museum's grounds. Many of the oil paintings of historical events which are on display in the Museum were researched by George and commissioned by the Abell-Hanger Foundation. He was the first president of the Museum's board of trustees and a member of the Hall of Fame.

GLADYS HANGER ABELL

Gladys Hanger Abell was born and raised in Fort Worth, Texas, the daughter of a pioneer Tarrant County Family. She graduated from Paschal High School and attended Texas Christian University and the University of Texas at Austin.

Throughout her lifetime, Mrs. Abell was an active champion of civic and cultural causes, contributing her time, talents, energy, and financial resources as one of West Texas' most philanthropic citizens. She served on the board of governors of Midland Memorial Hospital, board of trustees of Midland Presbyterian Homes, and the President's Club of the Museum of the Southwest. She took great pride in her service on the board of trustees of the Permian Basin Petroleum Museum, Library, and Hall of Fame.

Her interests also included the Midland Odessa Symphony and Chorale, Midland Garden Club, Women's Auxiliary of Midland Memorial Hospital, Delta Delta Delta Midland Alumnae Chapter, and the Midland Women's Club of which she was a

life member. An avid American patriot, Mrs. Abell was a member of the Texas Chapter of the National Society of Colonial Dames of America, and the Daughters of the American Revolution. She was a member of the First Presbyterian Church of Midland.

The Abell-Hanger Foundation was created by Mr. and Mrs. Abell to carry on the philanthropic endeavors which they pursued during their lifetimes. Speaking of business success, George Abell once said,

"Sure, men like to be successful, not just for the money, but because of what one can do for his community, his country, and for mankind. Business success provides the opportunity to do some of the things most of us dream about doing for our community and its various institutions, organizations, and agencies."

To their memory, this annual statement reports the Foundation's endeavors for the current fiscal year.

FROM THE CHIEF EXECUTIVE OFFICER

June 30, 2022

This past year the foundation celebrated the 25th Anniversary of Students in Philanthropy (SIP). This signature program engages high school and college students across Midland and Odessa to experience firsthand the grantmaking process and the impact and importance of community service. It is our hope, and now, after 25 years, we know that it is a reality of the program that this is an experience that sticks with these students and continues to motivate a giving heart. As one of the alumni wrote for the testimonials used in the celebration program.

“SIP laid a foundation that I have built my career and continued volunteerism upon. As I find myself in a position where I can share this knowledge and passion with college students, I have embraced the vision of the Abell-Hanger Foundation by attempting to create a community where every person realizes their full potential. This rich and powerful legacy began and has continued in the Permian Basin, but I am proud to spread and continue the good work in South Texas as well.”

– Angela Kennedy

In the past twenty-five years, over 3,000 participants have given 2,007 grants to 177 agencies totaling \$2,028,976. Participating college students have received almost \$1.8MM in scholarships. We enjoy many collaborative relationships as we work in the community, and in the case of Students in Philanthropy, we are grateful for the relationships that we have with Midland High, Legacy High, Permian High, Greenwood High, Midland College, Odessa College and UTPB. Without support from these schools, we would be unable to offer this transformative experience to students. We are also grateful for the men and women who serve as our campus coordinators. They make the program a reality in our schools every day.

We strive to be relevant as we serve an ever-evolving nonprofit community and the people they serve. To that end, we have awarded the very first Abell Innovation Award. The purpose of the award is to provide nonprofits with a grant opportunity that allows them to explore the possibility of funding an idea that they believe will advance the organization, improve efficiency and effectiveness. Often an innovation is a breakthrough that identifies a solution to a long-standing challenge

or when a new business model is necessary because the world is ever-changing. The I-20 Wildlife Preserve and Jenna Welch Nature Study Center was the first award recipient. The project uses technology to provide exclusive benefits to clients while enhancing program accessibility. It also provides data that builds a model of their clientele, driving improvement in key impact areas and removes the need for manual data collection and management from staff, generating more bandwidth for analysis, insights, and visualization. This innovative project fit the bill for our newly inaugurated award in every way.

In closing, I am reminded of the admonishment from my predecessor, David Smith, to always recognize the truth that, were it not for George and Gladys Abell, we would not be able to do all that we describe each year in our annual report. Thank you, Mr. and Mrs. Abell, for your generosity and vision for a community that you loved.

Sincerely,

Mark Palmer
Chief Executive Officer
Abell-Hanger Foundation

FOUNDATION POLICY

In furtherance of the mandate in its charter to support “any benevolent, charitable, educational, or missionary undertaking,” the Foundation makes grants to nonprofit organizations, which are involved in such undertakings for the public welfare, including, but not limited to, education, health services, human services, arts and cultural activities and community or societal benefit.

The Abell-Hanger Foundation has deep roots in Midland and the West Texas region. Midland was the site of Mr. Abell’s professional life and, together with Mrs. Abell, his personal life. As evidenced by the respective biographies in this report, the Abells were engaged in a wide range of community and civic activities. Mr. Abell’s business success was primarily achieved as an oil and gas operator in the rural areas of West Texas. As a result of his involvement in this geographic region, he developed a deep sense of obligation to the people and rural communities of West Texas.

The trustees have a strong commitment to continue the Abell’s philanthropic interests in Midland and West Texas. The trustees have affirmed that commitment to West Texas by targeting a preponderance of the foundation’s annual grant budget to Midland and fifty-six other counties in West Texas: Andrews, Bailey, Borden, Brewster, Crane, Cochran, Coke, Cottle, Crockett, Crosby, Culberson, Dawson, Dickens, Ector, El Paso, Fisher, Floyd, Gaines, Garza, Glasscock, Hale, Hockley, Howard, Hudspeth, Irion, Jeff Davis, Kent, Kimble, King, Lamb, Loving, Lubbock, Lynn, Martin, Menard, Mitchell, Motley, Nolan, Pecos, Presidio, Reagan, Reeves, Schleicher, Scurry, Sterling, Stonewall, Sutton, Taylor, Terrell, Terry, Tom Green, Upton, Val Verde, Ward, Winkler and Yoakum.

Please refer to the foundation’s web site,
www.abell-hanger.org,
for current information on foundation policy, grant criteria,
and application deadlines.
